

“For it is by grace you have been saved, through faith—and this is not from yourselves, it is the gift of God— not by works, so that no one can boast. For we are God’s handiwork, created in Christ Jesus to do good works, which God prepared in advance for us to do. - Ephesians 2:1-10

American Ministry Update

Fall 2018 has been a wild ride! We finished up our renovation of the upstairs front rooms right before students arrived in August. It has truly changed the feel and atmosphere of the building. We see more students using the building, and it has increased the visibility of our ministry. This year has also brought a giant, crazy group of freshmen who have injected more life and zeal to WCF.

Our Tuesday night dinners are still going strong, and it’s been great to see more visitors each week from students inviting their friends. Worship has shifted back to Thursday nights with a focus this year on going through a survey of the Old Testament and how it applies to our modern life. On Thursday mornings, we have continued to offer our Coffeehouse, which with the new renovated space has been well attended. This event has been great for students to have deeper conversations with each other while enjoying gourmet coffee.

In addition to our normal events, our small groups have continued this year as well. We currently have two upperclassmen guys groups, a freshmen guys group, a west campus guys group, and a women’s group that all meet regularly. The students have been asking tough questions, and it’s been great to see them working out how to live out their Christian faith in all areas of their lives.

Two new events that we participated in this year were Homecoming and Think Week. While we have competed in Homecoming through the Mini 500 in the recent past, this year we took it a step further and competed in various other events. This was a great opportunity to get to know people in other organizations around campus while also sharing about what we do at WCF.

In early November, WCF partnered with several campus ministries and Ravi Zacharias International Ministries (rzim.org) to host Think Week at Georgia Tech. This was an amazing week that helped improve and create relationships with non-believers.

Chinese Ministry Update

Our ministry to Chinese students and scholars has been busy this fall! In August, we welcomed 325 new Georgia Tech students from China. It was a community effort that included many volunteers who picked up students from the airport as well as provided temporary housing. If you'd like to volunteer next year with us email Carol Hightower (carolh50@bellsouth.net).

Our Chinese Student Fellowship participated in the Lazarus Health Day for the second year. 28 students made sandwich bags for 600 hundred friends on the street. On October 30th, our Chinese students and American students came together for a combined dinner and worship night. We invited Josh Schicker, Director of Worship at North Ave. Pres., to share his life, faith, and music.

Other exciting events that took place this fall were our annual Welcoming Dinner, Chinese New Year dumpling party, and trip to Montreat. Both our children's ESL program and Thursday night scholar discussions have been well-attended. We have been blessed by a generous gift to re-carpet the children's area downstairs along with purchasing furniture which is due for replacement.

Help us finish the year strong!

We rely on donations like yours to continue spreading the love of Jesus to Georgia Tech!
